

Medcor is looking to hire COVID-19 Screeners on a temporary basis at their clinic settings across the United States. Hours for these positions and duration of projects vary based on site location.

This position provides COVID-19 screening services as per the Medcor Care Protocol. In order to be successful in this role one must possess the following characteristics: Quick Learner, Strong Interpersonal Skills with all Communication mediums, Creative and Innovative, Fosters Teamwork, Demonstrates Leadership Qualities, Strong Organization and Planning Skills, Ability to Solve Problems, but knows when to ask for input and help. Excellent responsiveness and quick follow-up to requests are key. Detailed knowledge about COVID-19 and educating employees through sharing the updates provided by Medcor Clinical Affairs.

We are actively recruiting for individuals who have active certifications including:

EMT-B, EMT-I, EMT-P, LVN, LPN, RN, CNA, CMA, Medical Assistant, Nurse Assistant, Pharmacy Technician, Outdoor Emergency Care

A typical day in the life of a Medcor COVID-19 Screener

- Provide screenings to employees who volunteer, using Medcor protocol and non-contact infrared thermometers
- Provide patient care (where necessary) according to Patient Care Protocol
- Provide COVID-19 FAQ's and educational material with daily status updates (as available) from our Clinical Affairs team
- Site liaison for following preventative practices (proper hygiene, social distancing and other practices)
- Put on (don) and remove (doff) personal protective equipment (PPE) per company protocol (Medcor to provide training resource as needed)
- Enter data in Medcor EMR supplied to site
- Provide data to client upon request or as agreed to by client
- Disseminating relevant client policies and info given to us and as directed by client
- Being a general resource to client and employees
- General Maintenance of the facility which includes:
 - Sanitization of clinic as per the protocol and at least once per day
 - Sterilization of equipment/instruments used
 - Inventory and ordering of medical and office supplies

You Must

- Have experience working in a healthcare setting (Allied healthcare professionals will be considered and are encouraged to apply) need to provide proof of current certifications
- Have a current CPR certification – need to provide proof of current certification
- Be able to check temperature using an infrared thermometer (Medcor to provide training as needed)
- Have strong English skills
- Learn Medcor's COVID-19 information once hired (provided by Medcor)
- Have strong communication and customer service skills
- Have strong computer and other technology skills (navigate cell phones, texting, fax machines, etc), as well as familiarity with EMR software

Work Environment:

The COVID-19 Screener is required to work in a clinic site designated by the client. In general, the noise level in the work environment is usually very quiet. The COVID-19 Screener will be working in a potentially high COVID-19 exposure environment with known and unknown associated health risks. Individuals with underlying health conditions who contract COVID-19 have greater risk for morbidity and mortality as defined by the Centers for Disease Control (cdc.gov) and should consider these risks prior to accepting this position. *Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

Culture

We don't just advocate for our clients and our patients; we also advocate for ourselves. *To learn more about Medcor's Culture click [here](#).*

Medcor Philosophy

Medcor embraces a set of simple, interconnected practices that everyone can tailor to their own life and work. To preserve our pioneering, entrepreneurial spirit, we impart our values through the ongoing Better@Medcor campaign: encouraging our advocates to make a conscious choice to practice our values, to celebrate and recognize each other via our peer recognition program, and to support one another during tough times.

Medcor is a tobacco free and smoke free workplace!

EOE/M/F/Vet/Disability
